Memorandum submitted by the Dewan's Secy to the Chief Members for P.H. & L.S.G. on 10.5.1926 in respect of Cauvery Power Scheme — Re grant of one lakh of rupees for improvement works

The representation of the M.C. is that consequently on the increased expenditure has increased in Conservancy cost — increased Conservancy & Scavenging Obligations consequent on the rapid growth of population — Hence the M.C. have asked that large sums are required every year to provide for surface drainage Extensions, repairs and renewals of worn out pipe lines, formation and Consolidation of metal roads, Extension of underground drainage system & more and more street illumination and public fountains, increasing number of latrines and urinals in addition to the usual Obligatory expenditure for salaries, D.A. & Staff, Cost of material, Cyanogas material, alum, Chlorine and increased electric energy for pumping water to meet the needs of this rapidly growing industrial City

2) In view of the above Commitments and in view of limited sources and ever increasing expenditure of Obligatory nature

Note = Contn Sheet

Serial No

the M.C. of Davangere at their special meeting held on 9/1/54 to request Govt to sanction an outright Govt grant of at least one lakh of rupees to enable the M.C. to take up the most emergent and necessary city improvement works during the current year 1953-54

3) The request of the M.C. for a Govt grant of Rs. one lakh during the current year for taking up most emergent and necessary improvement works is for orders

4) There is a budget provision of Rs 1,25,000 under the head "50- Civil Works - Grants-in-aid - Other Grants"

5) A grant of Rs 50,000 may perhaps be sanctioned to the M.C. during the year in accordance with the financial ley

6) As a lumpsum provision of Rs 1,25,000 only has been made for such works in the City Municipalities of Mysore, Davangere, Trust Boards of Bhadravati, Mysore and in the case of Sanitary Boards, a grant of Rs 25000 may perhaps be sanctioned to this Mcty

5000

WD 01861—GPB—60 000—22-1 54

Serial No 7) Government have promised Davangere City Municipal Council to meet half the cost of the underground drainage scheme of Davangere City, provided the Municipal Council also agrees to meet the other half every year. (Vide letter No.L 15705 dated 2-3-54 - page 13 of the enclosed file) Accordingly some amount must be given from this year for under-ground drainage scheme

8) Similarly, Mysore City Municipal Council have requested for the grant of a sum of Rs 50,000/- to meet the cost of cement concreting Sayyaji Rao Road

9) The Bangalore Corporation request very heavy amount to clear the slum area

10) But in the Budget of 1954-55, no amount is provided either to Bangalore Corporation or Mysore City Municipality There is a sum of Rs 1,25,000/- provided under the head "50 Civil Works - E P Charges, Grants-in-aid and Development Schemes" page 127 of the Budget Vol I Further another sum of Rs 1,00,000/- has been provided under the same major head - sub-head "Grants-in-aid for improvement of water-supply in town municipalities " Government have provided a sum of Rs 30 lakhs for improving water-supply schemes in Mysore State Besides this sum of Rs 30 lakhs, there is no need to have another sum of Rs 1,00,000/- for the same purpose Therefore the sum of Rs 1,25,000/- and the amount of Rs 1,00,000/- set apart for improvement of water-supply schemes, may be ordered to be utilised or reappropriated for other town

11 JUN 1954 DEPARTMENT

Secretary has recommended Rs 25,000/- to Bangalore Corpn Mysore 11/6

What is the total budget provision

15) Discussed with the Assistant Secretary, Fl Branch

He suggested as follows -

Bangalore Corporation - Slum Clearance

~~- - -~~ Instead of making Rs 25,000/- from "50 Civil Works" a sum of Rs 50,000/- may be provided under "39 Public Health B Grants for Public Health Purposes - 4 Miscellaneous Grants "

16) This may be accepted and a sum of Rs 50,000/- may be allotted out of "39 Public Health" for Slum Clearance This will be an outright grant

17) As regards item Nos 3,4,5 & 6, the Asst Secretary suggested that a sum of Rs 1,50,000/- is available under "57 Miscellaneous - e Contribution - A Contribution to Local Bodies - (Page 136 of the Budget Estimates) and that this amount may be distributed instead of distributing under "50 Civil Works " This may also be accepted These are outright grants, ~~for deficit financing.~~

18) As regards item No 2 , i e , Cement concreting Sayyaji Rao Road, Mysore City Municipality, grant of

Note—Contn Sheet

Govt Grant to Davangere City Municipality

File No 1382/54 (6) of 195

Mysore Government Secretariat

Rs 25,000/- under the head "50 Civil Works" may be retained

19) Now item No 7 remains, i e , Grant to Davangere City Municipality for Underground Drainage Scheme or Development Works A proposal to grant Rs 25,000/- is made in para 11 This sum of Rs 25,000/- or a sum of Rs 50,000/- may be provided for Underground Drainage Scheme for Davangere City Municipality, under "50 Civil Works " This proposal would be in accordance with the instructions issued by Govt in letter No L 15705 dated 2-3-1954

Flag A

20) By the above proposals, a sum of Rs 50,000/- is still available under "50 Civil Works " - The Assistant Secretary, Budget, suggests that this amount may remain over as it will be required to meet the Government share of cost on works executed by the Public Works Department and for which donations have been received

MEMORANDUM SUBMITTED BY THE DAVANGERE CITY MUNICIPAL COUNCIL

TO

SRI T CHANNIAH, B Sc ,

HON'BLE THE MINISTER FOR PUBLIC HEALTH & LOCAL SELF GOVERNMENT

SECRETARIAT DEPARTMENTS 21 MAY 1954 215

ON THE OCCASION OF HIS VISIT TO DAVANGERE

ON MONDAY THE 10TH MAY, 1954

IN RESPECT OF SUBJECTS PENDING ORDERS OF GOVERNMENT PERTAINING

TO DAVANGERE CITY MUNICIPALITY

GENERAL & REVENUE SECRETARIAT 1318 24MAY1954

-- o*o -

THE RAPID DEVELOPMENTS IN DAVANGERE CITY for the last decade in industries and trade have developed very heavy financial burden on the slender shoulders of this young City Municipality Consequently Municipal Expenditure has increased in - conformity with increased conciousness of civic obligations - consequent on the rapid growth of population Huge sums are - required every year to provide for surface drainage extensions, repairs and renewals of worn-out pipe lines, formation and consolidation of metal roads, extension of underground drainage, provision of more and more street illumination and public fountains, increasing number of latrines and urinals, in addition to the usual obligatory expenditure for salaries, dearness - allowance to staff, cost of malariol, cyrogas material, alum, chlorine and increased electric energy for pumping water to - meet the needs of this rapidly growing industrial City As - you are aware Sir, while the income of the Municipality is limited to nearly six lakhs in any good year, the expenditure including annuity and interest on Government loans and Government - contributions amounts to nearly 8 lakhs annually In the above circumstances, the Davangere City Municipal~~ity~~ Council after due consideration of their limited resources and ever-increasing - expenditure of obligatory nature resolved at their Special Meeting of the 9th January 1954 to approach the Government very -

very kindly to come to their aid by generously sanctioning an outright Government grant of at least one lakh of rupees to enable the Municipality to take up the most emergent and necessary City Improvement Works during the ~~ensuing~~ year - 1954-55 Accordingly the Secretary to the Government of - Mysore, Local Self Government and Planning Departments, has been addressed in this Office letter No H C 179/53-54, dated the 13th January, 1954 together with a copy of the Municipal Council Resolution No 5 of 9-1-1954 We therefore - earnestly appeal to you Sir very kindly to sanction us a - grant of at least one lakh of rupees as Government contribution to our young and growing City Municipality

2 GRANT OF LAND MEASURING 35 ACRES FREE OF COST TO THE DAVANGERE CITY MUNICIPALITY TO THE WEST OF DAVANGERE TANK BED -

The Davangere City Municipal Council at their Meeting held on 15-5-1950 have resolved to request the Government to grant an extent of 35 acres of land, which is adjacent to the newly formed cattle shandy maidan, to the Municipality free of cost to provide good sites for the location of Primary and - Middle Schools, forming play-ground and Public park etc for - the benefit of the residents of the thickly populated areas in first and second wards of the City and for extending the present Cattle Shandy Maidan etc Accordingly the Government - have been addressed to grant the land free of cost to the - Municipality ~~as requested~~ in this Office letter No.H C 24/48-49, dated, 21-5-1950

The Secretary to Government, Local Self Government and Planning Departments has intimated in letter No L 16922, dated 16-3-1954 that the question is under consideration of the - Government and will be intimated as soon as a decision is - reached in the matter

It is requested that the prayer of the Municipality be sympathetically considered by Government and the land granted free of cost to the Municipality very early as the question

question is pending from a very long time

3 Waiving of Conversion fine in respect of certain lands acquired by the Government for Davangere City Municipality

An extent of 32 acres and 13 guntas of land out of S Nos 62, 63/1, 63/2, 63/3, 63/4, 73/3 and 74/3 of Shabanur village included in the layout-plan furnished by the Government Architect was purchased by the City Municipal Council, Davangere for the purpose of extending the Middle Class Colony and for forming kana sites to the ryots, an extent of 7 acres and 9 guntas of land out of S Nos 75/1a, 76/1, 76/2 and 76/3 of Nituvally village and an extent of 18 acres and 22 guntas of land out of S Nos 161/1 to 13 of Davangere ~~Taluk~~ village, in Davangere Taluk have been proposed to be acquired for formation of sites to the Middle Class people and for formation of Kanas to the ryots of Davangere

Necessary records were also built up and forwarded to the Revenue authorities to obtain sanction of Government The Revenue authorities have returned the records with a - request to credit a sum of Rs 2,33,000/- towards conversion fine in respect of the lands proposed to be acquired

The Secretary to Government, Local Self Government and Planning Departments has been addressed in this Office letter No H C 97/53-54, dated, 17th September, 1953 to obtain sanction of Government to waive the recovery of the conversion fine and establishment charges as these lands are proposed to be acquired purely for granting sites at upset prices to Middle Class People and kanas to poor ryots of Davangere City as the Municipality is not making any profit in these transactions. The particulars called for by the Local Self Government Secretary in his letter No L 14644, dated, 9-2-1954 have also been furnished with this letter No H C 97/53-54, dated, 24-4-1954

The Municipality have granted an extent of 210 Acres and 22 guntas of land free of cost acquired at a cost of Rs 3,71,607/- to the several public Institutions and Government

(4)

In view of the above it is requested that the benign Government be pleased to waive the recovery of the conversion fine and establishment charges amounting to Rs 2,33,000/- in respect of lands proposed to be acquired

4. Additional equipment required for improving the Water Supply and extending the present pump house of Davangere Water Works at Harihar.

The Government in their order No L 21315-18-CM 11-52-21 dated 10/11th March, 1953 sanctioned a loan of Rs 15.40 lakhs of rupees to the Davangere City Municipality to lay 16" G I pipe line for a distance of 10 miles from Davangere Water Works at Harihar to City of Davangere to improve the City Water supply Already a sum of Rs 7 lakhs has been placed at the disposal of the Executive Engineer, Davangere and orders are placed with the Mysore Iron and Steel Works, Bhadravati to supply the pipe lines The Government have sanctioned the purchase of L T Switch gear equipment at a cost of Rs 21,078/- and a pulso metre pump at a cost of Rs 6,800/- has been received from the United Kingdom

As the estimate for Rs 15 40 lakhs does not provide for increasing the capacity of the pumping station by adding filters, pumps, pure water tanks etc , an estimate for 3 lakhs of rupees was got up The Municipal Council at their meeting held on 29th January, 1954 have resolved that the Government be approached to include these items and have the existing estimate for Rs 15 40 lakhs of rupees be duly revised so as to include all these essential items revising the amount and interest accordingly and fixing the repayment in 20 annual instalments instead of 15 as at present

Accordingly a reference has been made to Government with this office No H C 201/53-54, dated,11-2-1954 for kindly according early sanction to the resolution of the Municipal Council. As these works will have to be simultaneously taken up along with the laying of the 16" C I main line it is requested that early sanction of Government may kindly be accorded for sanction of the estimate for 3 lakhs of Rupees for extending of the Davangere Pump house at Harihar etc. and other essential works

5 Underground drainage

An estimate was first prepared for 9 2 lakhs and sent to Government for sanction The Government consulted the - Chief Engineer on the several provisions made in the estimate and the Chief Engineer has ~~submitted~~ Scrutinised the estimate to Rs 10.23 lakhs

So far, works costing Rs 2,06,612/-, have been executed and hence the net amount required for the work as per estimate would be Rs 8,17,000/- On a representation made to Government by the Municipal Council to grant half the cost of the scheme as loan and the other half as grant spread over the next, 9 years, Government (Vide letter No L 15705 dated 2-3-1954 from the Local Self Government Secretary) have stated that the proposal is not acceptable and that they are however prepared to consider sanctioning of the scheme and also giving half the amount as grant to be spread over the next 4 or 5 years provided the Municipal Council finds an equal amount in the budget each year out of its own funds The Municipal Council at their Budget meeting held on 20/26-3-1953 have provided Rs 1½ lakhs in the budget estimate of the Municipality for the year 1954-55 towards this item of work and resolved that Government be requested to sanction a grant of Rs 75,000/- this year and the balance of Rs 75,000/- may be met out of Municipal Funds Accordingly a reference has been made to Government with this office letter No H C 148/53-54 dated 13th April, 1954

It is submitted that the prayer of the Municipal Council be sympathetically considered and Government be pleased to - sanction a Grant of Rs 75,000/- towards this work during the current year

6 Provision of second septic tank at Davangere

Government in their order No L 6499-501 C M 13-49-8, dated, 6-1-1950 have been pleased to sanction the construction

construction of a septic tank at Davangere at a cost of Rs 64,100/-

The treatment of sewage at the out fall is being cogitated upon rather frequently than implementing the immediate necessity of providing underground drainage in all parts of the City so as to render the sewage to graviate to the outfall and Since the treatment of the sewage at the outfall by construction of a septic tank is not ~~only~~ the only method of final treatment There is no elaborate system of - septic tanks at Bangalore and the sewage is directly treated to land and Vegetables are grown out of crude sewage It is also a known fact that Chemical Charactarisation of the soil, plays an important part in the purification process of the sewage. Davangere has a dry climate and enjoys a copious supply of sunshine There is in existence in here a large number of conservable latrines with or without trap doors and receptacles allowing ~~filter~~ filth and ~~excreta~~ excreta to be washed into the surface drains ~~emitting anything~~ emitting constantly foul smell inspite of a regular programmed cleaning of the drains It is here if anywhere that causes of disease have to be battled against and removed and not at the outfall at the first instance As this question is bristling with difficulties the construction of the Septic tank is allowed to drift The distance for the sewage to traverse before - reaching the outfall ranges between 2 to 3 miles At the outfall are provided two series of cisterns which will ~~aerate~~ aerate the flow In view of the scanty rainfall (about 20 inches of average rainfall per year) and consequent dry climate and copious sunshine the effluent becomes almost odourless at the outfall and it is permitted to flow on to the land for irrigation as also for manurial purposes and usually sewage is being assimilated into the soil Moreover no trade waste is being let into the sewage Cases of sewage sickness have not been reported In the event of such cases the ryot will be advised to resort to rotation of crops as well as leaving one fourth of his land fallow for one season With all these safe-gaurds it is re-

quested

requested that Government be pleased to order postponement of the construction of the second septic tank till the comprehensive drainage scheme is first completed A reference has also been made to the Director of Public Health and the Superintending Engineer, Shimoga to furnish their opinion in the matter The Director of Public Health has in his letter No BEA 28/54-55, dated, 14-4-1954 has intimated that he has referred the matter to the Sanitary Engineer for spot inspection and opinion and no reply is yet received from the Superintending Engineer, Shimoga

7 Government Grant for effecting improvements in the colonies occupied by Depressed Class people

We beg to submit to our benign Government that more than 1500 families of the depressed class of this City live in Hadadi Cooli Colony, Cheluvadikeri, A K Colony, Voddarahatti, Moracharsettement, and Azad Nagar The City Municipality has been providing out of Municipal Funds for the construction of tunnels, metalling of interior roads, construction of S.P drains, providing of public fountains and water supply, Underground drainage, construction of lavatories in these colonies etc. The improvements to be effected in these colonies are far too much and it has not been found possible to provide all the Civic amenities in all these colonies out of the slender resources of the Municipality As urgent and essential works of permanent improvements are to be carried out in these colonies we request our benigh Government to come to the aid of the Municipality by kindly sanctioning a grant of at least Rs 15,000/- from the Amelioration of Depressed Class Fund

8 Grant from Government of India Planning Commission

Government of India Planning Commission in their letter No P C Pub 52-53, dated the 11th August, 1953 sanctioned to Government of Mysore a subvention of 6 35 lakhs in 1953-54 for partially financing certain essential works of improvements effected by local bodies namely District Boards, Municipalities and Village Panchayets Out of this sum the Government of Mysore allotted a sum of Rs 2/- lakhs each to the above local bodies but did not allot

allot any grant out of this to the City Municipalities The City Municipality of Davangere has submitted to Government estimates costing Rs 38,000/- for certain essential works of City Improvements involving excavating of drains, draft channels for culverts, metalling of and formation of roads etc , and - requested the Government to sanction a grant of Rs 16,560/- out of India Govt Grant on condition that the Municipality will undertake to meet the balance of cost out of Municipal Funds and partly out of contribution from volontary efforts either in cash or in kind in conformity with the Government of India Scheme, We therefore request you kindly to Secure for the Municipality, a grant of Rs 20,000 for the aforesaid works

9 Shifting of Municipal High School at Davangere to Old Municipal Office Building after effecting alterations

An estimate for a sum of Rs 40,000/- was prepared and submitted to Government on 27-8-1953 for according sanction to the shifting of the Municipal High School to the old Municipal Office building after effecting suitable alterations at a cost of Rs 40,000/- The Local Self Government Secretary has in his letter No 7375 dated 23-9-1953 requested to intimate whether the financial position of the Municipality permits this work being taken up during the year 1953-54 A reply was sent on 21-9-1953 stating that the present financial condition of the Municipality does not wawrent the above work being taken up during the year 1953-54 and also that there is no budget provision for the same In response to letter No L 9316, dated 29th October, 1953 from the L S G Secretary, the Municipal Council at their meeting held on 28-11-1953 have resolved that Rs 20,000/- may be met out of Municipal Funds and that Government be requested to sanction the other half as a grant A reference has been accordingly made to Government with this Office letter No M C 147/53-54, dated, 8-12-1953

Due provision to meet the Municipal share of Rs 20,000/- towards this item of work has also been made in the budget estimate of the Municipality for the current year The Municipal High School

School is now located in a rented building paying a monthly rent of Rs 194/-

It is therefore requested that Government be pleased to accord sanction to the proposal of the Municipal Council by way of sanctioning a grant of Rs 20,000/- for this item of work

10 Waiving the payment of Annual Contribution of Rs.20,000/- per year by the Davangere City Municipal Council to the - Occupational Institute

Government in their order No.L 6475-7 C M 23-50-2 dated 23-9-1950 have accorded sanction to the Davangere City Municipal Council's resolution No 21 dated 23rd June 1950 to pay an annual contribution of Rs 20,000/- to the Occupational - Institute at Davangere for starting two additional diploma courses in Civil draftmanship and Electro Technology Accordingly the Municipal Council paid the annual contribution due for the year 1950-51

The Municipal Council at their meeting held on 20th March, 1954 have resolved that the grant of Rs 20,000/- promised by the Municipal Council for starting two additional diploma courses namely Civil Draftmanship and Electrical - Techonology and that it is now understood by the Council that these particular diploma courses have not been started in the Occupational Institute and hence there is no justification - for the payment of the annual grant of Rs 20,000/- if these two specific courses were not introduced in the first instance as resolved by the Municipal Council They have therein further resolved that Government may be informed that this Municipality is not liable to pay the contribution and that the amount of - Rs 20,000/- paid for the year 1950-51 may kindly be refunded to this Municipality since the Municipality is passing through a great financial depression Accordingly a reference has been made to Government with this office letter No H C 176/53-54, dated, 3-5-1954 in the matter

In view of the most unsatisfactory financial position and slender resources causing grave anxiety to meet the routine - recurring Municipal Expenditure and on account of existance of ~~xxxx~~ heavy outstanding arrears due to Government by way of annuity towards loan and interest, Medical contribution etc , it is not possible for this Municipality to pay this heavy contribution of Rs.20,000/- to the Occupational Institute It is therefore - requested that Government may be pleased to waive the payment of the contribution and also order refund of the Contribution of Rs 20,000/- paid by the Municipality for the year 1950-51

11 a) Upgrading of the D R M ~~Intermediate~~ College

b) To start Mechanical and Electrical Engineer Courses in the Occupational Institute and

c) To increase the number of existing seats by 10 in B D T Engineering College

The Government and the University of Mysore have - graciously located here the B D T Engineering College, the D R M Intermediate College and the D R P Occupational - Institute with necessary laboratories and other equipments The people of this ~~population~~ populous city and District most earnestly pray to kindly

1) Convert the D R M Intermediate College into a - first grade College for both Arts and Science

2) To start Mechanical and Electrical Engineering Courses and

3) To increase the number of existing seats by ten in the B D T Engineering College

The Municipal Council at their meeting held on 28-2-54 have resolved the spare the wing of ~~the wing of~~ the Municipal Offices now used by the B D T College of Engineer, ~~ing~~ till such time the college building is completed to facilitate the up-grading of the D R M College at Davangere into first grade College and accordingly the Registrar, University of Mysore, Mysore has been requested in this office letter No H C.200/52-54

dated 15th March, 1954 to favourably consider the request of the Municipal Council and to order starting of first grade College for both Arts and Science

These are our most immediate needs of the hour and we pray that immediate orders of Government may kindly be passed in consultation with the University so as to give effect to these proposals from 1-7-1954

12 Grant of Rs 40,000/- for the construction of a Gymnasium in the proposed Sports Stadium at Davangere.

The Government in their order No L 11051-5/CM -14-53-8, dated 3rd November, 1953 have constituted a committee for regulating construction, use etc., of the Sports Pavilion in Davangere City The Municipal Council have granted for the use of the sports vapilion an extensive site measuring 585' x 600' free of cost for the use of the Pavilion Dharmaprakasa Sri R Rama Setty has come forward with a donation of Rs 20,000/- for the construction of the Sports Pavilion The Municipal Council at their meeting held on 26-12-1953 have resolved that the University be requested kindly to make a grant of Rs 40,000/- for construction of a Gymnasium in the proposed Sports Stadium Accordingly the Registrar, University of Mysore, Mysore, was requested in this Office letter dated 15th January, 1954 to sanction a grant of Rs.40,000/- out of the anticipated savings of the University funds The Registrar, University of Mysore, Mysore has, in his letter No G6 53-54, dated 24/26th April, 1954, intimated that the above subject was considered by the Univercity Council at the meeting held on 10-4-1954 and it was resolved that the subject be taken up for consideration in January, 1955

The earnest aspiration of the Municipal Council is to have a good Gymnasium in the Sports Pavilion so as to cater to the needs of the youths that are studying in the Colleges at this place

It is therefore requested that you will very kindly use

Your

(12)

your good offices with the Univercity to favourably consider the question of granting a donation of Rs 40,000/- for the - construction of a Gymnasium in the proposed Sports Stadium at this place

13 Proposals for the levy of Octroi on (18) certain additional items and enhancement of Octroi on certain items

While considering the letter No L 12390-401/M1-145-52-6, dated 7th November, 1953 and L.14111-12, dated, 22nd November, 1952 received from the Secretary to Government, Local Self Government in the matter of grant of a loan of Rs 15.40 for improving the water supply to Davangere City requesting to send concrete proposals pointing out the ways and means for the repayment of the loan, the Municipal Council at their Meeting held on 22 24-11-1952 resolved, among others, that the resources of the Municipality will be improved by levy of Octroi duty on certain additional articles and by way of enhancing the existing duty in respect of certain dutiable articles Government was requested in this office letter No H C 124/52-53 dated, 5-3-1953 to accord sanction for the levy of Octroi on certain articles As it was found necessary to observe the formalities prescribed by rules & before a fresh levy could be given effect to, a Gazette Notification was issued calling for objections on 2nd September, 1953

The Municipal Council at their meeting held on 29-11-1953 after considering the objections approved the recommendations of the Bye-laws Committee proceedings dated, 5-10-1953 in this behalf

A reference was made to Government with this Office letter No H C 124/53-54, dated 8th December, 1953 for according sanction of Government to the resolution of the Municipal Council for the ~~lev~~ levy of Octroi on certain additional articles and enhancement of Octroi on certain items (in total 18 items)

The points raised by the L S G Secretary in letter No 14903, dated 12-2-1954 in this behalf have also been replied to in detail in this office letter No H C 124/53-54, dated, 15-3-1954

(13)

As such sanction of Government may kindly be accorded at a very early date

14 Levy of Octroi on 32 articles

With a view to improve the slender resources of the Municipality and also to enable the Municipality to repay the Government loans which amounts to Rs 22 40 lakhs involving an annual instalments of Rs 2,12,000/- payable to Government by the Municipality, the Council proposed to levy Octroi on ~~63~~ 32 additional articles A gazette notification dated, 28/29th was issued calling for objections The Council after taking into consideration all the objections received and after thorough scrutiny have resolved at their meeting held on 13-3-1954 to levy Octroi duty on 32 additional articles as against 63 articles originally proposed The probable approximate revenue expected by levy of octroi on these 32 items is Rs 54,050/- per annum

The proposals have been submitted to Government with this Office letter No H C 162/53-54, dated, 26-3-1954

The rate of levy proposed is low and much below the maximum rate prescribed in Schedule II of the City Municipalities Act and ranges between 1 to 3 pies in the Rupee It is requested that Government may be pleased to accord sanction to the proposal of the Municipal Council at a very early date

15 Purchase of a Lorry or Tractor with two trailers for removing ~~of~~ street rubbish of the City to the Compost yard.

The Municipal Council at their meeting held on 15th April 1954 have resolved that sanction of Government may be obtained for purchase of a lorry or a tractor with two trailers for the above purpose

At present the removal of street rubbish is being attended to by a lorry purchased during last year and 15 bullock carts hired for the purpose at a total cost of Rs 10,800/- per year In view of the expansion of the City area and in the interest of

(14)

of speedy removal of street rubbish to the Compost yard it is desirable that a lorry or tractor with 2 trailers is purchased In that case instead of engaging as at present 15 bullock carts at a cost Rs 900/- per month or Rs 10,800/- per annum only 5 carts at an annual cost of Rs 3600/- will be retained entailing a savings of Rs 7,200/- per year, meeting the cost of maintenance of the lorry and 4 compost men to load & unload the rubbish

A sum of Rs 19,648/- has been realised by the sale of Compost manure during 1953-54

A reference has been made to the Government with this Office letter No H C 14/54-55, dated, 21st April, 1954 for - according sanction to the proposal of the Municipal Council

It is submitted that Government may be pleased to accord sanction for the purchase of a lorry or tractor with 2 trailers at a cost of Rs 16,000/-

16 Collection charges at 12½ % on the Collections made under Education and Health Cess by Municipal Agency

The Municipal Council while approving the Budget for 54-55 on 27-3-1954 have observed that the Education Cess and Health Cess are being collected by the Municipal Staff and the proceeds are credited to Government, that no collection charges are being paid to the Municipality by Government and for similar collection of entertainment taxes and stamp duty, the Government collect, collection charges at 12½ % The Council resolved that the - Government be pleased to sanction collection charges at 12½ % of collections made under Education and Health Cess by Municipal Agency

Accordingly a reference has been made to Government with this Offfece letter No ᵘ C 13/54-55, dated 22nd April, 1954 for according sanction to the proposal of the Council It is submitted that Government be pleased to consider the proposal favourably so as to improve the resources of the Municipality

(15)

17 Appointment of an additional conservancy daffedar and 9 sweepers and scavengers

The Municipal Council while considering the Budget provision made under the head E Public Health (2) Conservancy and Sanitation (a) Establishment, at their meeting held on 21-3-1954 have resolved that the services of one more Daffedar and 9 more sweepers and scavengers may be entertained to attend to the Conservancy and sanitation work in Regulated Market Area Azad Nagar and Ahamadnagar Cooli Colonies, Vinobanagar and Kasturba Extension as it was found that it was not possible to attend to the sanitation and cleaning work effectively without the above increased staff

At present 186 sweepers and scavengers are working in this Municipality and this staff cannot cope up with the increased work due to the expansion of the City by the inclusion of Regulated Market area into Municipal limits and laying out of several extensions and formation of new roads and construction of drains The length of the roads to be swept in the City is 61 miles and the total length of drains to be cleaned is 90 miles

A reference is made to Government for according sanction for entertaining the services of this additional staff with this office letter No.H C 9/54-55, dated, 14-4-1954 It is requested that sanction of Government may kindly be accorded to the proposal of the Council at a very early date

MEMORANDUM SUBMITTED BY THE DAVANGERE CITY MUNICIPAL COUNCIL

TO

SHRI T CHANNIAH, B Sc ,

HON'BLE THE MINISTER FOR PUBLIC HEALTH AND LOAL SELF GOVERNMENT

on THE OCCASION OF HIS VISIT TO DAVANGERE

ON MONDAY THE 10TH MAY, 1954

IN RESPECT OF SUBJECTS PENDING ORDERS OF GOVERNMENT PERTAINING

TO DAVANGERE CITY MUNICIPALITY

- - .0o0 ---

1382
20 MAY 1954

THE RAPID DEVELOPMENTS IN DAVANGEE CITY for the last decade in industries and trade have developed very heavy financial burden on the slender shoulders of this young City Municipality Consequently Municipal expenditure has increased in conformity with increased consciousness of civic obligations consequent on the rapid growth of population Huge sums are required every year to provide for surface drainage extensions, repairs and renewals of worn out pipe lines, formation and consolidation of metal roads, extension of underground drainge provision of more and more street illumination and public-fountains, increasing number of latrines and urinals, in addition to the usual obligatory expenditure for salaries, dearness allowance to staff, cost of malarial, cynogas material, slum, chlorine and increased electric energy for pumping water to meet the needs of this rapidly growing Industrial City. As you are aware Sir, while the income of the Municipality is limited to nearly six lakhs in any good year, the expenditure including annuity and interest on Government Loans and Government contributions amounts to nearly eight lakhs annually. In the above circumstances, the Davangere City Municipal Council after due consideration of their limited resources and ever increasing expenditure of obligatory nature resolved at their Special Meeting of the 9th January 1954 to approach the Government very kindly to come to their aid by generously sanctioning an outright Government Grant of at least one lakh or rupees to enable the Municipality to take up the most emergent and necessary City Improvement Works during the year 1954-55 Accordingly the Secretary to Government of Mysore, Local Self-Government and Planning Departments, has been addressed in

(17)

in this office letter No.H C 179/53-54 dated the 13th January 1954 together with a copy of the Municipal Council Resolution No 5 of 9th January 1954 We, therefore earnestly appeal to you Sir very kindly to sanction us a grant of at least one lakh of rupees as Government contribution to our yound and growing City Municipality.

PROCEEDINGS OF THE GOVERNMENT OF MYSORE

ORDER No L 5684-95/C M 90-54-1

DATED, BANGALORE, THE ~~JULY 1954~~ 11-8-54

Several references and deputations from the Corporation of the City of Bangalore, City Municipalities of Mysore and Davangere and Local Boards have been received, requesting for suitable Government grants to supplement the incomplete schemes and for taking up Comprehensive Schemes and urgent and important improvement works at the places

2 Government having considered the urgency and importance of the works are pleased to distribute the grant provided under the State Budget for 1954-55 as noted in the statement appended, to the several Local Bodies

3 With regard to the Corporation of the City of Bangalore, the sum of Rs 50,000/- ~~provided~~ sanctioned by Govt under the head "39 Public Health B Grants etc ;" should be supplemented at least by an equal amount ~~to be contributed~~ by the Corporation and the Corporation should prepare an estimate for particular slum clearance schemes and obtain prior sanction of the Government to the same before the Govt grant is drawn

4 Similarly, the Mysore City Municipality should contribute ~~an equal amount of~~ at least Rs. 30,000/- for Cement Concreting Sayyaji Rao Road and obtain prior sanction of Government to the estimate and then draw the Govt grant

5 The Davangere City Municipality should provide at least a sum of Rs 25,000/- out of its funds to

(21)

to supplement the Govt grant of Rs 25,000/- for Underground Drainage Scheme and obtain sanction of Government to the estimate and then draw the Government Grant

6 The Mysore City Improvement Trust Board and the Bangalore City Improvement Trust Board are given Grants of Rs 85,000/- and Rs 1,00,000/- respectively to meet the establishment charges of City Improvement Works. Any expenditure over and above these sums must be met out of advances given to the Boards and every attempt should be made to see that the schemes taken by the Trust Boards are self-supporting by charging the costs of establishment to the schemes concerned

8 The Hindustan Aircraft Sanitary Board and the K G F Sanitary Board should draw the amounts allotted, early and credit them to their funds

(7) Though grants for underground drainage should be allotted under 39 Public Health, they may be continued to be claimed under 5. C.P.L under a correct claim to the following from 55-56
